

Asset Services Information Sheet 18

Availability of Mulch

Introduction

Street trees located under power lines within the Town of Bassendean are pruned on an annual basis. The pruning's from these trees is recycled as mulch through the Council Depot and is available to residents and community groups of the Town.

Availability of Mulch to Residents

Residents may collect mulch from the fenced-off area behind the Depot (access from Scaddan/Troy intersection), maximum 6 x 4 trailer. (Subject to availability of mulch)

There is no requirement for residents to report to the Depot office, as the area is left open to allow residents to help themselves. Mulch is available 7 days a week.

The delivery of mulch is unavailable to residents.

Availability of Mulch to Community Groups

Mulch is available to community groups (schools, churches, etc.) located within the Town free of charge.

Community groups can collect the mulch from the fenced-off area behind the Depot (access from Scaddan/Troy intersection), maximum 6 x 4 trailer. (Subject to availability of mulch)

There is no requirement for community groups to report to the Depot office, as the area is left open to allow community groups to help themselves. Mulch is available 7 days a week.

The delivery of mulch is unavailable to community groups.
